Subject: RE: Carol Roberts

I visited Mrs. Roberts yesterday. She is not happy. I informed her that Courtney had approved some crushed rock to be delivered to her property. I asked her where she would like it dumped. She did show me an area. She also informed me that she was going to continue complaining. She said there was a driveway there before and there should be one there now. I let her know we had pictures showing hard dirt outside of her fence and lawn/weeds on the inside of her fence. She said we "doctor" photos. I'm going to talk to Courtney about giving her the rock. I'm worried that if we dump the material where she said to that she will complain about not being able to open her gate to access the garage. I will update you after talking to

Courtney.

Carol Roberts received 4 yards of structural fill on Friday evening. It has been spread over the area she had concerns about. This should be a done deal.
